#ENERGIZEYOUREYES

Red Bull SPECT, the eyewear brand known for its dynamic and innovative approach, is committed to pushing the limits of design and technology in goggles and sunglasses. Rooted in Red Bull's spirit of extreme sports and high-performance, the brand delivers products that cater to the demanding needs of athletes, outdoor adventurers, and active individuals who value both performance and style.

DE | Red Bull SPECT, die Brillenmarke mit ihrem dynamischen und innovativen Ansatz, ist bestrebt, die Grenzen von Design und Technologie bei Goggles und Sonnenbrillen neu zu definieren. Verwurzelt im Geist von Red Bull, der für Extremsport und Höchstleistung steht, entwickelt die Marke Produkte, die den hohen Ansprüchen von Athleten, Outdoor-Abenteurern und aktiven Menschen gerecht werden, die sowohl auf Leistung als auch auf Stil Wert legen.

FR | Red Bull SPECT, la marque de lunettes connue pour son approche dynamique et innovante, s'efforce de repousser les limites du design et de la technologie pour les masques de ski et les lunettes de soleil. Ancrée dans l'esprit de Red Bull, synonyme de sports extrêmes et de haute performance, la marque propose des produits répondant aux exigences des athlètes, des aventuriers en plein air et des personnes actives qui recherchent à la fois performance et style.

WING DTS 2.0

WING DTS 2.0 by Red Bull SPECT Eyewear combines innovative design with functionality. A built-in sliding mechanism (dual temple system) extends an additional temple when needed, securely wrapping around the ear to provide enhanced support during intense activities.

DE | WING DTS 2.0 von Red Bull SPECT Eyewear vereint innovatives Design mit Funktionalität. Ein eingebauter Schiebemechanismus (Doppelbügelssystem) entfaltet bei Bedarf einen zusätzlichen Bügel, der das Ohr sicher umschließt und für besseren Halt bei intensiven Aktivitäten sorgt.

FR | WING DTS 2.0 de Red Bull SPECT Eyewear combine un design innovant et une grande fonctionnalité. Un mécanisme coulissant intégré (système à double branche) déploie une branche supplémentaire au besoin, qui enveloppe l'oreille en toute sécurité pour un maintien renforcé lors d'activités intenses.

The SUN RX Collection represents the latest in eye technology. Each pair of glasses features I°BOOST (high-contrast lenses), which significantly enhance color perception and offer notable improvements in visual performance. The polarized lenses (POLAR°Z) effectively reduce glare and ensure clear vision. The SUN RX Collection offers many additional benefits and is the perfect choice for those seeking a sporty and high-quality pair of sunglasses.

DE | Die SUN RX Kollektion repräsentiert den neuesten Stand der Augentechnologie. Jede Brille ist mit I°Boost (high contrast Linsen) ausgestattet, welche die Farbwahrnehmung erheblich verbessern und signifikante Vorteile in der Sehleistung bieten. Die polarisierenden Gläser (POLAR°Z) reduzieren Blendungen effektiv und sorgen für eine klare Sicht. Die SUN RX Kollektion überzeugt durch zahlreiche weitere Vorteile und ist die perfekte Wahl für alle, die eine sportliche und hochwertige Sonnenbrille suchen.

FR | La collection SUN RX constitue le stade le plus avancé de la technologie visuelle. Toutes ces lunettes bénéficient de la technologie I°Boost (lentilles à fort contraste) qui améliore considérablement la perception des couleurs et offre des avantages importants en termes de performances visuelles. Les verres polarisés (POLAR°Z) limitent efficacement les éblouissements et permettent d'avoir une vision nette. La collection SUN RX séduit par les nombreux avantages supplémentaires qu'elle offre, et c'est le choix idéal pour toutes les personnes qui recherchent des lunettes de soleil sportives et de grande qualité.
